Import Employee Salary Data

Guideline

Import Employee Salary Data

Guideline

1. Please complete the MANDATORY details for successful data migration.
2. For each subsidiary company, you will need a separate template to import staff salary data.
3. For optional fields, you may remove the column if not necessary or you don't have the information (e.g., *Position*, *Department*, *Joined Date*).

No.	Field Name	Optional / Mandatory	Attribute & Format	Description
1	Employee Code	Mandatory	Alpha-Numeric	Employee code based on company preference.
2	Name	Mandatory	Alphabet	Name of employee. Please refrain from using special characters (example: "_"&/ etc.)
3	Department	Optional	Alphabet	The department the employee is assigned to within the company.
4	Branch	Optional	Alphabet	The specific company branch or location where the employee is based.
5	Section	Optional	Alphabet	The specific section or unit within a department where the employee works.
6	Cost Centre	Optional	Alphabet	The cost center code assigned to the employee for financial tracking.
7	Position	Optional	Alphabet	Designation or job title of employee.
8	Join Date	Optional	Date – DD/MM/YYYY	Join date of employee. Please input according to the stated format.
9	Confirmation Date	Optional	Date – DD/MM/YYYY	Confirmation date of employee. Please input according to the stated format.
